**Only God can do everything.
Yet He enabled us to think:
About everything.**

**When you are trying to be right,
You are on the right track,
But you are not there yet.**

**Unfortunately,
Thinking about the wrong thing
Gets you into trouble.**

**It is OK to forget.
But you are in trouble,
When you forget
That you have forgotten.**

**Old people live off their savings.
Young people try to live on credit.**

**The Eternal God looks at results:
Love and kindness produce good;
Hatred and selfishness produce evil.**

**You will be good,
Only if you keep on improving.**

**The truth is never rescinded;
It is progressively revealed.**

**You are better than others,
Only when you do better than they,
Yet our best is never good enough.**

**Consider the Eternal God your friend,
And He will be your best friend.**

**If you ignore the Eternal God,
You shoot yourself in the foot.**

**If you break the laws of nature,
You will suffer the consequences.**

**The Eternal God's grace is ever new:
Each morning fresh as dew.**

**What you do tomorrow in part depends
On what you think about eternity today.**
